

SOCIAL STORY

STOP, DROP, COVER AND ROLL

WHAT TO DO IF MY
CLOTHES CATCH ON FIRE

Sometimes accidents happen, even when I am being safe.

If my clothes catch on fire, I need to follow these steps:

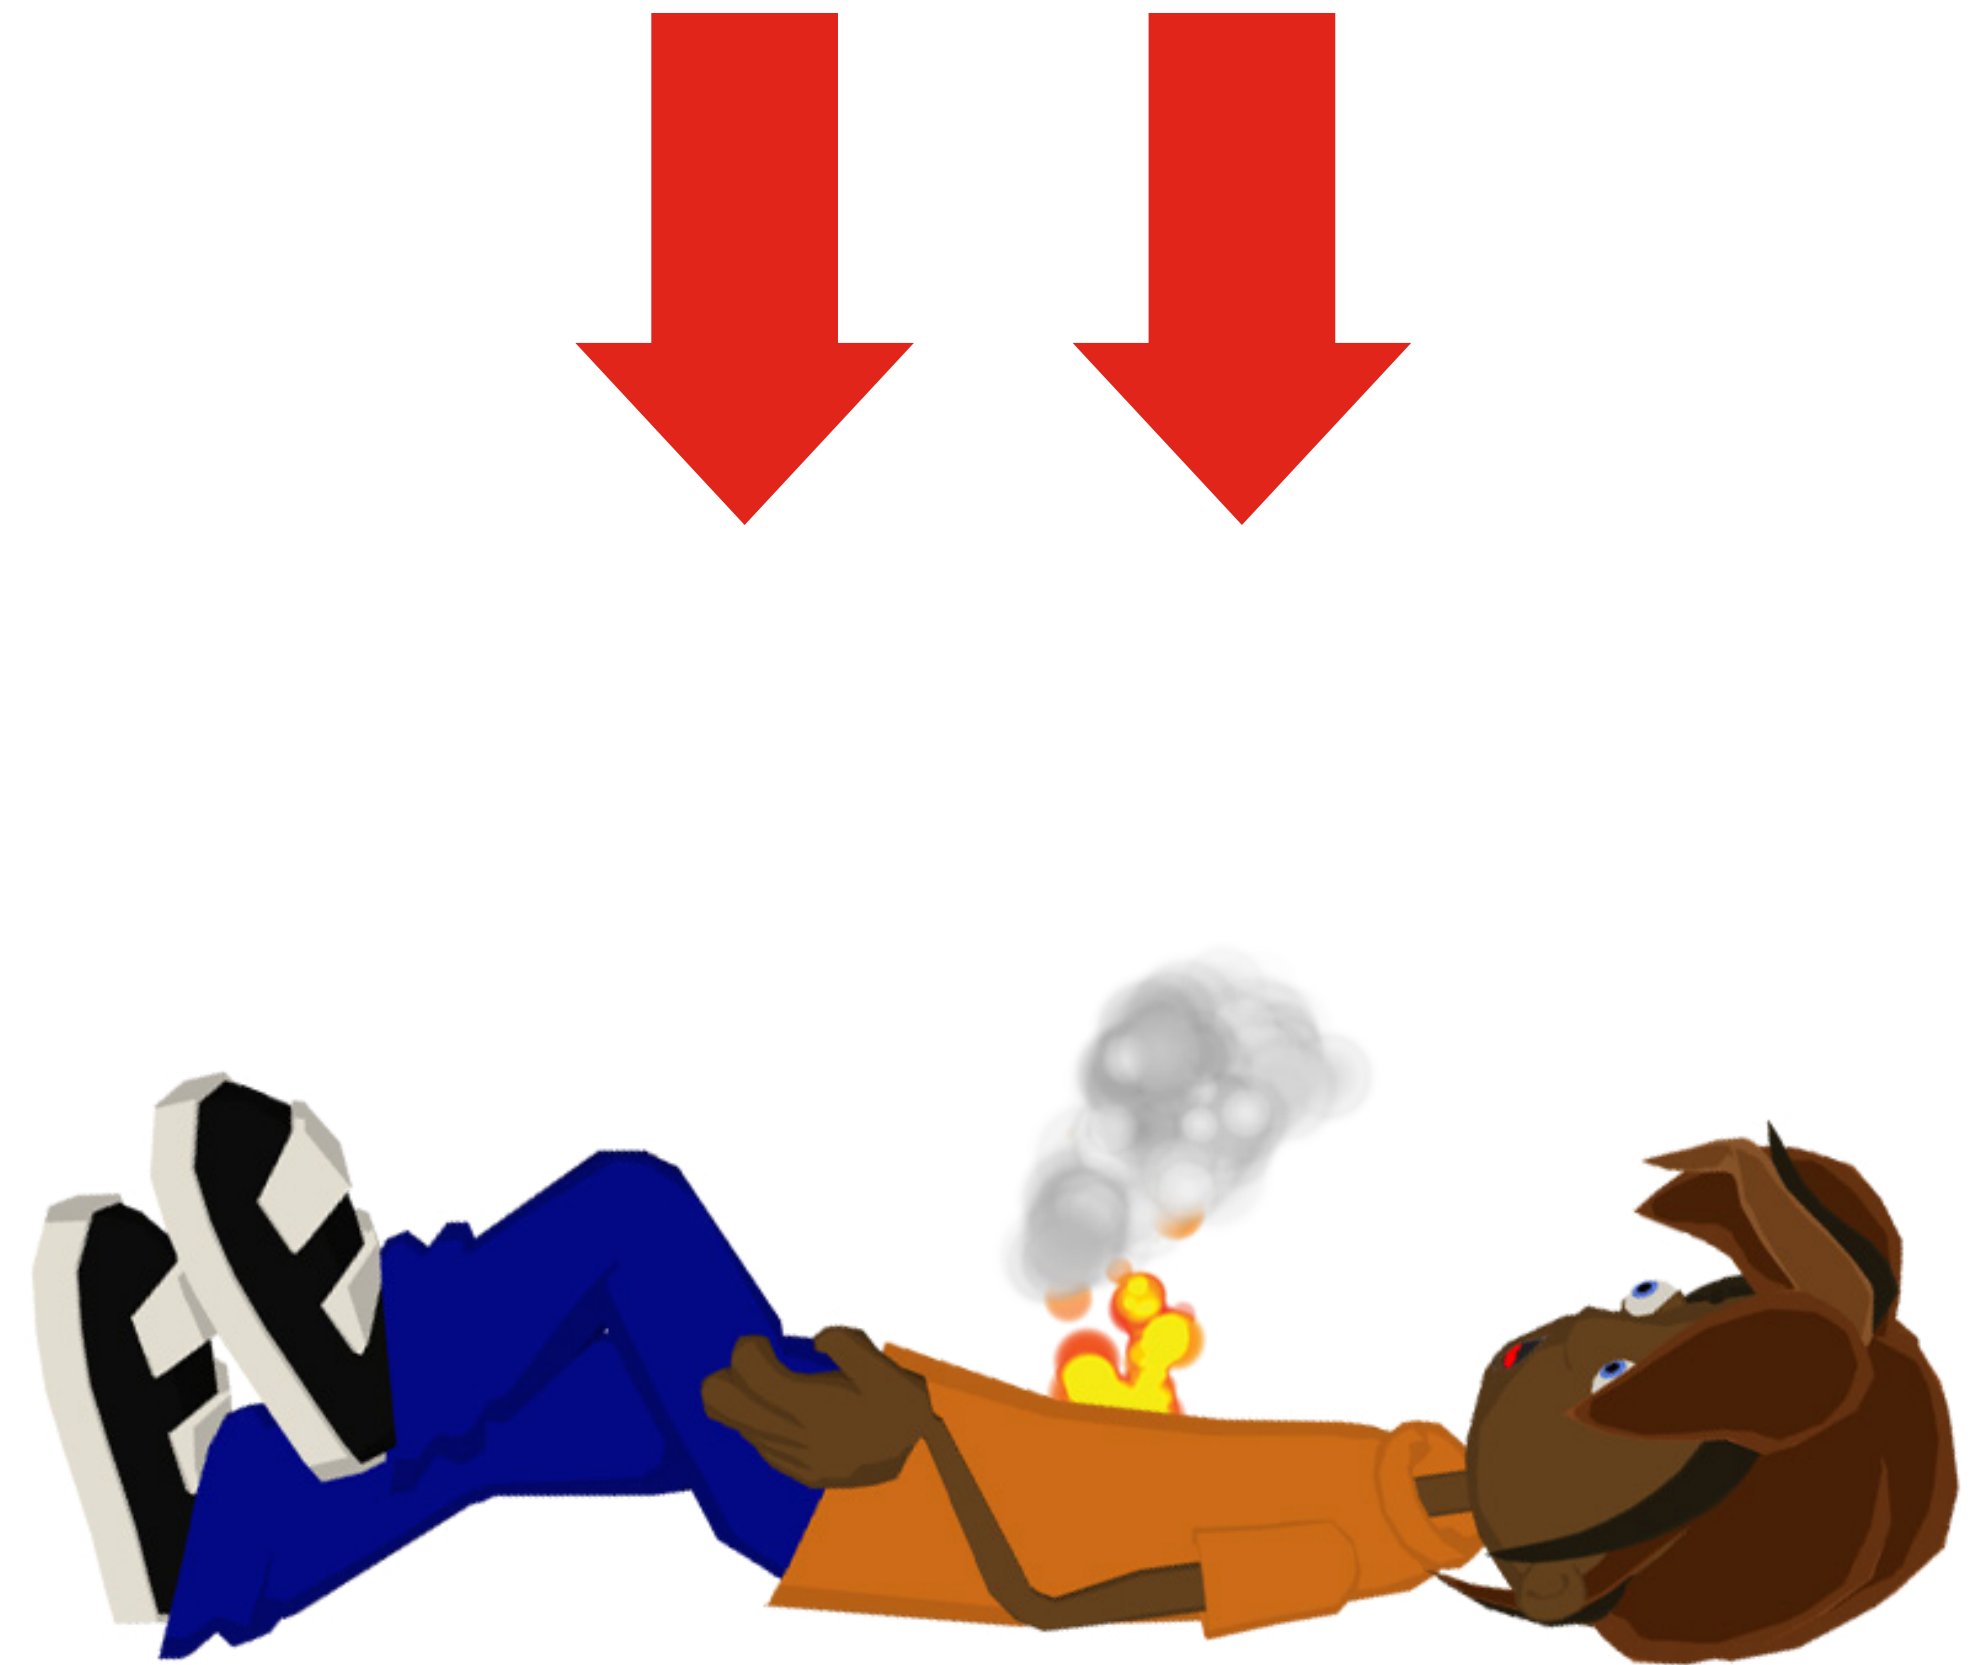

STOP

Stop where I am.

DROP

Drop to the ground, lying flat with my legs out straight.

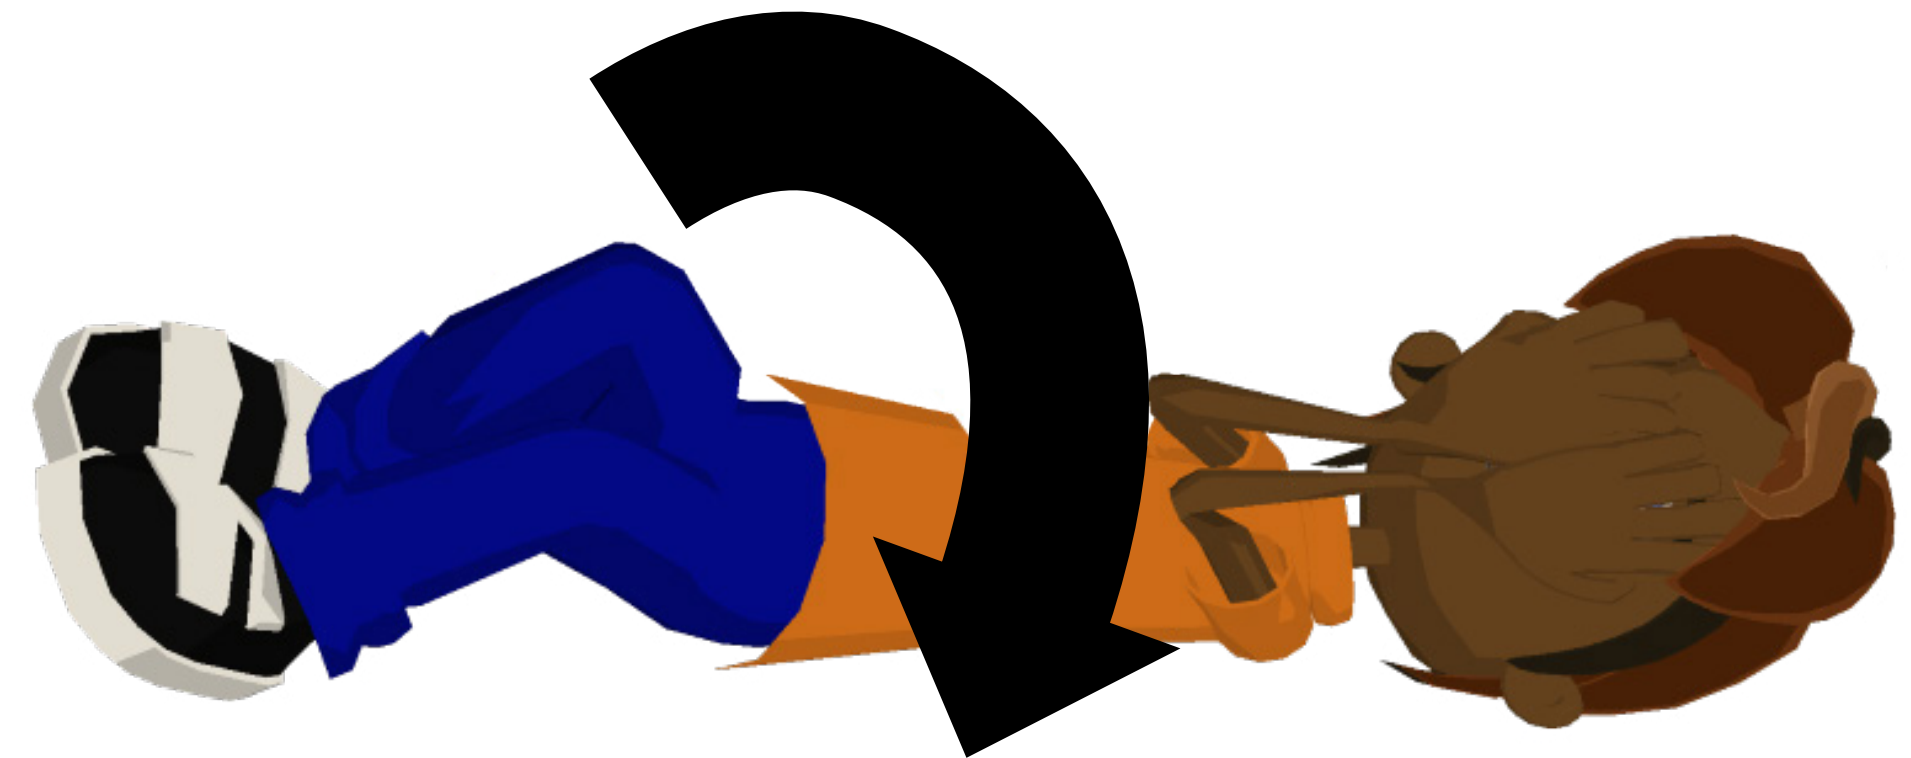

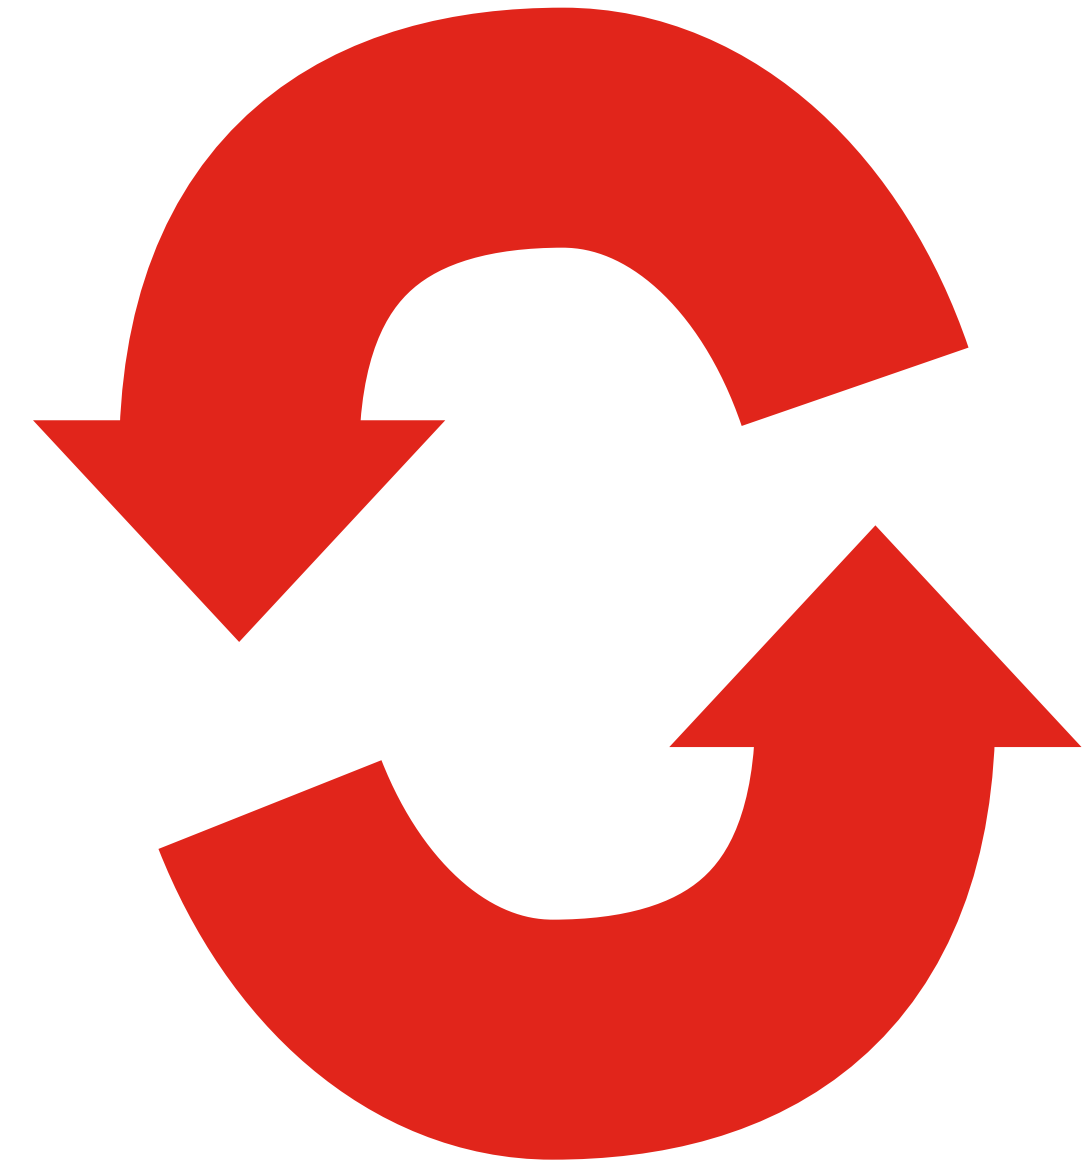

COVER

Cover my mouth and eyes with my hands.

ROLL

Roll over completely one way, then back the other way until the fire is out.

GET HELP

If my skin is hot, cool the burn with running water.

Tell an adult or call Triple Zero (000).
